ULUGARDEN

Nourish. Experience. Unite.

Ulu Garden was born from two people, two cultures and one shared way of living.

Created by Virginie and Armi, a Belgian and a Balinese native of Uluwatu, this space reflects the balance we have built together over the years.

As a musician, Armi brings music, culture and traditions to the heart of this space. Alongside him, Virginie visualise a place where tradition and contemporary expression naturally coexist.

Together, we created a place where food, music and atmosphere come together from day to night.

Our menu is a contemporary interpretation of Indonesian cuisine, rooted in simplicity, freshness and ingredients chosen with care, only what nourishes, nothing unnecessary.

This is our way of sharing the Bali we love. A Bali that is authentic, evolving and alive.
